THIS IS UNEVALUATED INFORMATION

1. Responsibility for the following two functions are divided among the 800 Soviets now at the Peiping South Field:

25X1

- a. Training Chinese pilots.

25X1

- b. Making supply flights. Each day six or seven Soviet planes carry grain north.

2. Although the grain crop in Manchuria hardly reached 36 percent of estimated production, the Soviets still demand their full share of 60 percent of the crop, which has made it necessary to ship in North China grain. This is the chief reason for the current strong feeling against the Soviets.
